

Thanks for having your party at **Jumping Jacks**! We're going to have a **great** time at your party, but **in case** you would like to provide your own food, there are a few things we need to share with you. By checking the checkbox on the Client Info page, you indicate that you **agree to the terms** of the Jumping Jacks Food Policy.

Cleanliness is a primary concern at Jumping Jacks. We strive for all party-goers to have an immaculate environment to enjoy their special day. Since we have the **largest play area** in town, we have **no additional space for food storage**. At any given time, there may be four parties happening simultaneously at Jumping Jacks (even though you'll never see them). For these reasons it is **absolutely impossible for us to store any food you bring in**. You must store your food in your car. You will be welcome to bring your food into the cake room when your party is escorted into the cake room, but not before. Additionally, we are forced to charge a nominal **\$10 catering fee** to pay for our increased costs of paper goods and time for clean-up for outside food.

To book your event and adhere to our Food Policy, you agree that:

1. **You are the responsible host/hostess** for the party at Jumping Jacks.
2. That you understand that outside **drink, pizza of any kind or any other professionally-delivered food** is **never** allowed at Jumping Jacks.
3. That **you will not attempt to bring or allow others in your group to attempt to bring food into Jumping Jacks before your cake room time** begins. Refer to your confirmation email for the exact times you will spend in the different rooms in Jumping Jacks.

We can't wait to share part of your day with you when you come in! Please let us know how we can make your time with us even better, now and in the future.

Kind regards,
Jumping Jacks Staff
